

KARAN PGAJJAR

 PHP & Laravel Developer | Full-Stack Web Developer | REST API Specialist

 karanpgajjar@gmail.com  +91 9978540717  Surat, Gujarat, India  Portfolio  LinkedIn

PROFILE SUMMARY

Full-Stack PHP/Laravel Developer with 4+ years of experience delivering high-performance web applications and RESTful APIs across CRM, e-commerce, healthcare, and real estate domains. Achieved 30–35% performance gains through database optimization and code refactoring while successfully shipping 8+ production projects for UK-based clients.

TECHNICAL SKILLS

Backend: PHP, Laravel, MVC Architecture

Frontend: HTML5, CSS3, Bootstrap 5, JavaScript, jQuery, AJAX

Database: MySQL, Eloquent ORM

API & Integration: REST API, Token-Based Authentication, Stripe, PayPal

Tools: Git, GitHub, Composer

PROFESSIONAL EXPERIENCE

PHP / Laravel Developer, WTS Technologies

Apr 2025 – Apr 2026 | **Pudsey, UK**

- Developed and maintained 8+ web applications spanning CRM, healthcare, real estate, e-commerce, and booking domains using PHP, Laravel, MySQL, JavaScript, jQuery, AJAX, HTML5, CSS3, and Bootstrap 5 for UK-based clients.
- Architected 2 secure RESTful API systems with token-based authentication — a CRM backend (MBS CRM APIs) and a media content API (FeverFM Radio APIs) — powering multiple endpoints with paginated JSON responses for web and mobile consumers.
- Boosted application performance by 30–35% through targeted query tuning, strategic indexing, eager loading, and systematic code refactoring across high-traffic environments.
- Integrated Stripe payment gateway, enforced RBAC across multiple user roles, resolved critical production bugs, and guided junior developers while managing direct stakeholder collaboration across 8+ projects within an Agile SDLC.

PHP / Laravel Developer, iRoid Solutions

Dec 2022 – Feb 2025 | **Surat, India**

- Built and sustained Laravel-based solutions and RESTful APIs serving CRM, booking, healthcare, and membership verticals — including ShiftFinder, Fete Finder, Wenue, and Klapy (50,000+ users across 180+ countries).
- Accelerated system performance by 25–30% through strategic indexing, join restructuring, and iterative refactoring across 5+ live environments.
- Implemented Stripe and PayPal payment flows across 3+ platforms including Klapy and Shopping Cart Media, enabling secure transactions and recurring subscription billing for e-commerce and membership clients.
- Cut repetitive development effort across 5+ projects by engineering reusable Laravel modules and shared API components, with consistent authentication and permissions enforcement throughout.

Software Developer, Squad Tech Pvt. Ltd.

Mar 2022 – Oct 2022 | **Ahmedabad, India**

- Contributed to Sprift, a UK property data platform aggregating data across 1M+ properties, resolving bugs, enhancing features, and optimizing queries using PHP, CodeIgniter, MySQL, JavaScript, and AJAX.
- Engineered reusable AJAX components adopted across 3+ projects, eliminating code duplication and standardizing front-end interaction patterns team-wide.
- Integrated 2+ third-party APIs to automate business workflows and modernized legacy PHP/CodeIgniter applications, reducing manual overhead for client delivery teams.
- Developed responsive interfaces using HTML5, CSS3, Bootstrap, JavaScript, and jQuery, consistently meeting project deadlines while adhering to team coding standards.

EDUCATION

Smt. Chandaben Mohanbhai Patel Institute of Computer Applications

Anand, India

Master of Computer Applications (MCA)

Jun 2020 – May 2022
